

## NIGHT AND DAY

Like the beat, beat, beat  
Of the newscasts  
Predicting months of doom  
Like the cost, cost, cost  
Of the products  
Sanitizing every room

Like the dip, dip, dip  
Of the Market  
And no one is immune  
So a voice inside me keeps repeating  
Gloom, gloom, gloom

Night and Day, I am undone  
With my mask, gloves and hand wipes,  
I'm on the run  
Whether near to me or far,  
I try to disinfect nearly everyone  
Day and Night  
Night and Day
